 RECEIVED

I would like to have a standard search (please include interference search) performed using the following SEQ. ID NOs. from application : 09/719,088 (Herzog, H.)

1. SEQ ID NO. 4 (nucleic acid seq)
2. nucleotides 369-1592 only of SEQ ID NO. 4 (Nuc. Acid seq)
3. Please search for any nucleic acid sequence which could encode the amino acid seq. of SEQ ID NO. 2 (reverse transcribe SEQ 2 and search).

Thanks,  
 Eric
